application under MPEP 409.03(d). Applicant's assignee is a small entity, which has previously been established.

Second named inventor, Jon Mathisrud, was contacted on or about November 4, 2001 personally by telephone by the undersigned at his place of business: 651-455-6314. Mr. Mathisrud indicated he was not interested in either signing documents, or assisting Mr. Eidson or the undersigned in any way related to the above-identified patent application. Mr Mathisrud further stated that he had walked away from this project financially and that the project embodied in this application was totally Mr. Eidson's concern.

Applicant concludes that the conduct of the non-signing inventor, Mr. Jon Mathisrud, constitutes refusal to sign the Supplemental Declaration or a new assignment.

Applicant requests that this proof of refusal of a co-inventor to sign the Supplemental Declaration and an additional assignment be accepted.
